To: Sunstate Academy, Fort Myers Students
From: Faculty of Sunstate Academy
Re: Social Distancing Practices

On behalf of everyone at Sunstate Academy, our hearts go out to our community in this uncertain time. Sunstate Academy is complying with the CDC guidelines by maintaining a distance of 6 feet from other persons and by not gathering in groups of more than 10 individuals. Sunstate Academy has been practicing social distancing and adhering to these guidelines; however, in an abundance of caution we have further separated our faculty and staff. Students have been separated in smaller groups of ten (10) or less and maintain a distance of 6 feet between them. Separating students, faculty and staff has been easy as residential attendance is currently at 38% thus leaving ample room for social distancing adherence.

Students attending Sunstate Academy have the following options for continued training:

1. Continue Residential Classes on their designated schedule
2. Attending Distance Learning Classes
3. Request a Leave of Absence until they are able to attend in one of the above options. Obviously, we urge you to consider option (1) or (2) so that your life's goal are not delayed.

Our focus is always on the health, wellness and safety of our students, employees, customers and community. We will continue to monitor the guidance coming from local, state and federal officials and will continue to find a way for Sunstate Academy students to progress in their chosen career field.

In closing, the faculty of Sunstate Academy wish to assure you, our beloved student, that we remain steadfast in our commitment for providing an environment that encourages progress, completion, professional licensure and gainful employment.
